REPUBLICAN PLATFORM.

The Republicans of the United States, assembled by their delegates in National convention, pause on the theshold of their proceedings to honor the memory of their irst great leader, the immortal champion of liberty and the rights of the people-Abraham Lincoln; and to cover also withwreaths of imperishable remembrance and gratitude the heroic names of later eaders, who have more recently been called away from our councils—Grant, Garfield, Arthur, Logan and Conkling. May their memories be faithfully cher-

We also recall with our greetings and with peayer for his recovery the name of one of our living heroes whose memory will be treasured in the history both of Republicans and of the Republic-the name of that public soldier and favorite son of victory, Philip H Sheridan.

In the spirit of those great leaders, and of our own devotion to human liberty, and with that hostility to all forms of despotism and oppression which is the fundamental idea of the Republican party, we send fraternal congratulations to our fellow Americans of Brazil upon their great
act of emancipation, which completed the
abolition of slavery throughout the two
American continents. [We earnestly hope
that we may soon congratulate our fellowcitizens of frish birth upon the peaceful
recovery of home rule for Ireland.

We affirm our unswerving devotion to

stitution: to the personal rights and liverfective legislation to secure the integrity

We are uncompromisingly in favor of the American system of protection. We protest against its destruction proposed by the president and his party. They serve the interests of Europe; we will support the interests of America. We accept the lesues and confidently appeal to the people for their judgment. The protective system must be maintained. Its abandonment has always been followed by ceneral disaster to all interests, except by general disaster to all interests, except hose of the usurer and the sheriff. We resfirm the policy of appropriating the public lands of the United States to be homesteads for American citizens and setthers, not alters, which the Republican party established in 1862, against the persistent opposition of the Democrats in Congress, and which has brought or great Western domain into such magnificent development. The restoration of snearn ed land grants to the public domain for the use of actual settlers, which was begun-under the administration of President Arthur, should be continued. We deay that the democratic party has ever restored one acre to the people, but declare that by the oint action of republicans and democrats, about fifty millions of acres of unearned lands originally granted for the communition of railroads have been restored to the public domain, in pursuance of the condi-tions inserted by the republican party in the original grants. We charge the democratic administration with failure to execute the laws scouring to settlers titles to their horoesteads, and with using approriations made for that purpose to harass innocent settlers with spies and prosecu-
